GRADE POINT AVERAGES

Grade Point Averages are calculated by multiplying the credit value of each course by the quality point value of the grade earned for the course and dividing total quality points by total credits attempted. Courses with AU, I, P, and W grades are excluded from the calculation of semester and cumulative grade point averages. Grades associated with courses designated as non-applicable and courses designated as repeat exclude are not included in the calculation of the term or cumulative grade point average.

ACADEMIC ACTIONS

Prior to the Fall 1985 semester, academic probation and academic honors notations were not kept permanently on the record. If a student completed a subsequent semester, only the last academic action was shown. Beginning with the Fall 1985 semester, semester academic action and honors notations remain on the transcript.

COURSE NUMBERING SYSTEM

From January 1975 to August 1979, all upper level courses are identified with an @ in the title. Beginning Fall 1979, upper level courses are numbered at the 300 and 400 range. Courses numbered in the 500 range are generally considered first professional. Graduate courses are in the 600, 700, and 800 number range. Credit given for 7700 and 8800 courses does not count toward the degree and is not to be calculated into student's GPA.

EXTERNAL COURSEWORK

Grades earned through courses taken as transfer credit are not included in the grade point average calculation. Grades earned through courses taken through inter-institutional enrollment programs are included in the grade point average calculation.
